

We expand our production for you!

September 07, 2020

Dear customers and business partners,

In order to be able to offer you the latest innovative developments of the KLEIBERIT HotCoating® technology also in the future, we will expand our production line.

Since 2014, we have been able to present new ideas and applications to the market on a regular basis. Now we have decided to further expand the technology. For this we need time and of course your support.

For this purpose, we will stop production on December 4, 2020 and resume again on January 11, 2021.

Therefore, please let us know your demand during this period so that we can provide the corresponding stock in the coming weeks until December 4, 2020.

We kindly request your reply by September 30, 2020.

Thank you in advance for your kind support.

Best regards,

i.V. Thomas Luckow
Sales management
